

# UNDERSTANDING YOUR PSAT REPORT 2022-23

## PSAT:

Did your son or daughter take the PSAT this past October at their high school?

If so, follow this simple three-step process:

**Step 1:** Access your scores through your [College Board account](#). Scores will be available on *December 5th or 6th*.

**Step 2:** Watch our video to better understand your PSAT score report: [Understand Your PSAT Report -- Everything You Need to Know](#)

The image is a composite graphic. On the left is a YouTube video thumbnail titled "Understand Your PSAT Report" with a play button icon. The video content shows a "Score Report for PSAT/NMSQT" with a total score of 860. A hand is pointing to a "Paper PSAT Report" on the right, which shows a total score of 860, broken down into 380 Verbal and 480 Math. The video thumbnail includes several text annotations:

- Key point — the PSAT/NMSQT score is capped at 1520!
- PSAT and SAT Scoring Scales
  - PSAT 8/9: 240 - 1440 } Contains easier questions than on the PSAT/NMSQT and the SAT
  - PSAT/NMSQT 320 - 1520 } Contains higher level difficulty questions than PSAT 8/9
  - SAT 400 - 1600 } Contains highest level difficulty questions
- Rank = the percentage of students (the same or lower than your score)
- What score higher than % of PSAT takers? 15. (Based on ALL high school students)
- Based on PSAT takers
- the NATIONAL PERCENTILE RANK

At the bottom of the video thumbnail is a "Watch on YouTube" button. The "Paper PSAT Report" shows a total score of 860, with 380 Verbal and 480 Math. The video thumbnail also includes a "Watch later" and "Share" button.
